Tails of a Veterinary Practice – life at Riverside Vets as seen by Gavin the practice cat.

Hi all,

I hope this month finds you well and that, like me, you have been able to find some occasional patches of sun in which to have a nice snooze.

It has been another exciting month at the surgery. Jayne (my human who is a Veterinary Nursing Auxiliary) has been telling me about heading off to France for the world 2CV rally. Apparently a 2CV (also known as a deux chevaux) is one of those noisy things that travel on 4 wheels that humans call a car. Jayne says it is a classic and the best of all the cars. Personally I think all cars are best avoided by self respecting felines whenever possible.

I have also been spending some time observing the goings on on the river. There have been a gaggle of geese looking very proud swimming about with a little gosling. They seem to form a protective circle around it when they swim. My humans have all been heard cooing and saying how cute it is. I think I am much better looking though and they should cuddle me instead.

More from me again next month,

Gavin
